

Jurgen Vercaemst Supply list.

- Layout or practice paper; Gilbert bond practice pad is available from John Neal; ideally the larger size is preferable. (Gilbert comes in two sizes 11" x 17" and 8.5' x 11"). In Europe, a good alternative is Canson Croquis. Another good option is Strathmore Layout Bond, either 9 "x12 " or 11"x 14". Practice paper should hold ink/walnut ink/watercolor well.
- Some better papers (Arches MBM, for example, or Arches text wove is even better).
- Ruler, or T-square (18" or longer is preferable); a triangle.
- Various regular pencils (suggest 2B, HB).
- Derwent water soluble "wash" sketching pencils; a set of HB, 4B and 8B are available in a tin; if you can buy individual pencils, then obtain the 4B and 6B "wash".
- Mechanical pencils sizes 0.3, 0.5, 0.7 and 0.9 mm.
- A box of color pencils, not watercolor pencils.
- Eraser.
- Dip pens in assorted sizes (Brause, Mitchell, Speedball) and pen-holders. Please be sure to have a Speedball C-5.
- Pointed pen nib: Speedball Hunt 101. Optional, but good if you have one, is the Esterbrook 788 Oval Point. (It is no longer manufactured and is not readily available).
- A few small all-purpose brushes to "load" the broad-edged and pointed nibs.
- Some good small brushes (suggest sizes 0, 1 and 2).
- Walnut ink(s).
- A few gouache colors.
- A few watercolor colors.
- Swiss knife or other sharp small blade knife (to sharpen regular pencils).

- Fineliners: Black 0.03, 0.05, 0.1 and 0.2 mm. Copic Multi-liners are ideal. If possible, please purchase a Copic Multiliner SP 0.03 and 0.05 and some replaceable spare nibs. Handle them with care; the felt point is delicate. (Jurgen will demo with them.)
- Optional: Fineliners in different colors and in small sizes; ideally sizes 0.05 and 0.1. Some manufacturers make fineliners with small points; the smaller, the better. Options include Pigma Microns, Copic Multiliners and Winsor & Newton.
- Ink rags or paper towels.
- Notebook/Sketchbook: Moleskine or other; a “soft” cover version is preferable. (Blank; no dots, lines or grid) regular paper. Sizes M (medium) or L (large) are recommended. XL and A4 are also available. Jurgen carries one with him at all times, and that is something to consider in choosing a size.
